

Jefferson C-123 School
Authorization of Consent for Treatment of a Minor Child

Student _____ **Birthday** _____

Authorization is given to Jefferson C-123 School Personnel to administer first aid and, if necessary, transport our child, listed above, **by car or ambulance**, to receive emergency medical treatment if we, the parents/guardians, are not available at the time of an injury or illness. We authorize admission to _____ (hospital) for our child, if at the time of an injury or illness and we cannot be contacted, admission to the hospital is recommended by our private physician or a consulting physician. We give consent for either one of the emergency contacts listed below to act on our behalf until we are available. We, the parents/guardians, will be responsible for charges of any medical treatment or hospitalization rendered by reason of this authorization. This consent will remain in effect during my child's tenure at Jefferson C-123 School. In the event of any changes, the school will be notified and a new form will be completed at that time.

Notice

Schools in this district are equipped with pre-filled epinephrine auto syringes that can be administered in the event of severe allergic reactions that cause anaphylaxis. Epinephrine will be administered only by the school nurse in accordance with written protocols provided by the authorized prescriber, except for students authorized to carry and self-administer epinephrine in accordance with Board policy.
