## Jefferson Families:

We continue to deal with the COVID pandemic but hopefully things are moving in the right direction. We are planning to change some of our COVID practices here at school. The following list are practices that we are changing moving forward. We will still keep our mask mandate in place. This will ensure that students who are working in close proximity with another student or teacher will not be quarantined from school if wearing a mask.

- a. We will continue our mask mandate but students will only be required to wear them when working within six feet of one another. They will not be required during transition times.
- b. Masks will no longer be required while riding the bus.
- c. Recess for elementary students will return to normal. Classes will not be separated by grade level. In other words students will be allowed to play with students from a different grade level.
- d. High School students will resume noon hour volleyball.
- e. We will discontinue daily temperature screening of students in grades 7-12.
- f. We will return to our normal running a fever policy. Students must be fever free, without the aid of medication, for 24 hours before returning to school.

We still encourage students and parents to communicate with the school if a student is not feeling well. Any student who is not feeling well or exhibits COVID symptoms should remain home. If students are exposed to a positive COVID person they should also remain at home.

We look forward to a great 4<sup>th</sup> quarter to this school year. We also are feeling optimistic that we can return to 'normal' in the near future. Thank you to all of our families for helping us through this year. The efforts of everyone working together have made this school year possible.

Tim Jermain
